Marilyn Monroe's myth continues to live !

Fifty years after her death, Marilyn is still a major Goddess in the world cinema. Her myth always inspires many works.

One of the latest productions realized on her is the 2011 film "**A Week with Marilyn**" (**ISAN 0000-0002-FF05-0000-L-0000-0000-B**), directed by Simon Curtis, starring Michelle Williams, Kenneth Branagh and Eddie Redmayne.

This year, **Cannes Film Festival** has selected Marilyn as the icon of the 65th edition (from May 16th to 27th 2012).

ISAN International Agency joins in this **tribute to Marilyn** by publishing the full list of **her filmography with the related identifying ISANs**.
